

Working out the future to MAKE THE FUTURE WORK

The Conference and AGM 2010 of EWMD International e.V.

Last year, we celebrated EWMD's 25th Anniversary and our main theme was a comprehensive look at the past, the present and the future of women in management. This year we are focusing on the present and the many opportunities women have to strengthen and support each other to progress professionally.

Mentoring is a proven instrument to transfer knowledge and experience as well as a powerful way of lobbying. Therefore we will be presenting reports taken from the most diverse areas and companies, where mentoring has been **implemented** successfully.

Furthermore, EWMD-Members have **initiated** methods for women to offer and provide structures, in which they can learn from each other to achieve their ambitions and goals. The Power Groups in Berlin are such an initiative as well as the project "3 Generations Leadership".

The EWMD International Conference itself is a great place for EWMD-Women to inspire and be **inspired**. And also it is our networking event which is entertaining and full of surprises.

keep your eyes on tomorrow, your feet on today

Miriam Makeba
